Welcome

The Academy System

The Academy Experience

Some important rules to know

Communication
Welcome

Joining the Academy system is a wonderful opportunity for any young player. On behalf of everyone at the Premier League, we wish your child good luck as they begin their journey.

You and your child should expect the quality of coaching, the standard of education and the all-round experience to be outstanding.

We expect all Academy Players to show commitment to and respect for their fellow players of all ages, for their coaches and their Club, and for both the Rules and the spirit of the game. The Premier League operates the Academy system on behalf of its Clubs, and also works closely with The English Football League (EFL), The Football Association (FA) and the Professional Footballers’ Association (PFA).

There are many things you will need to know as a parent or carer of an Academy player. This handbook is designed to provide you with an introduction to the Academy system and information on how it works.

There are also seven videos that accompany the handbook. They help to explain the content of the individual subjects in the handbook. There is also a programme of workshops to support the content of the handbook, which are delivered at events and Academies throughout the season by the Premier League, in partnership with Clubs.

Your child’s opportunity

Participating in the Academy system is an achievement to be proud of; however, it is important for your child to maintain a balance between the demands of life outside of football, including their education. Support your child to maintain interests beyond the football pitch and manage their expectations of achieving a career in professional football, because only a few Academy Players will go on to become professional footballers. According to a recent study, around 1% of players who enter the academy system at under 9s, play 20 or more games in the Premier League. So wherever the journey ends, we hope your child enjoys it.
The Academy System
Academy Classification

Each Academy is independently audited every year and placed in a category from one to four. The Premier League works closely with its Clubs in between these audits to make sure that high standards are maintained and improved where they can be. The different categories of Academies reflect the type of programme provided. The rules that apply to Academies are called the Youth Development Rules. You can find more detailed information about some of the topics covered in this handbook by reading the rules.

<table>
<thead>
<tr>
<th>Academy Classification</th>
<th>Definition</th>
<th>Performance Pathway</th>
</tr>
</thead>
<tbody>
<tr>
<td>Category One</td>
<td>This is the highest classification awarded to an Academy. It is an elite environment where Academy Players are provided with additional access to coaching and the potential of full-time education from U12. Category One Academies can recruit nationally from U14 provided the Academy Player is guaranteed access to a full-time Education Programme.</td>
<td>U9 to U23</td>
</tr>
<tr>
<td>Category Two</td>
<td>This is an elite development environment where Academy Players are typically recruited locally but gain access to additional coaching opportunities and educational support.</td>
<td>U9 to U23</td>
</tr>
<tr>
<td>Category Three</td>
<td>This is a development environment where Academy Players are provided with professional coaching and development opportunities.</td>
<td>U9 to U23</td>
</tr>
<tr>
<td>Category Four</td>
<td>Academies focus on their coaching and educational support for Academy Players in the Professional Development Phase (U17 to U23) only.</td>

The Academy Experience

Joining an Academy

Academy Registration

Everyone must complete a registration form and also provide a photo, along with a document to confirm your child’s home address and date of birth. Your child remains registered with the Club for a period of time that depends on their age, and they will join an age group determined by the age they will be on 31st August. The length of their registration will depend on the time of year when the Club asks them to register.

Once your child has signed the form, the Premier League will process their registration. If you and your child choose to cancel the agreement, you must contact the Premier League within seven days. Your child may be coached by and play for the Club during this initial seven day period.

The Premier League and Clubs see registration as a very important time when independent advice is important for Academy Players and their parent/carer.

Academy Induction

The induction is a meeting or series of meetings when your child’s Academy will tell you about the provision of their coaching, education and support as well as what they can expect following registration. You will find out about their education and games programmes, and how their Education Programme will be managed. Induction is an important chance to get to know people at the Academy, and for them to get to know your child. Make the most of the opportunity to ask questions and get to know the staff.

The Performance Pathway

Helping all Academy Players become independent decision makers is one of the main aims of the Academy system. Alongside on-field training and games, athletic development, performance lifestyle and psychology programmes will be delivered to improve the knowledge, skills and understanding your child will need to become to be the best they can be both on, and off the field.

We call the development journey of an Academy Player the ‘Performance Pathway’. Players can join and leave at different ages or points and can progress into the professional game or another career. Your child’s Club coaches, backed by a wide range of other specialist services, support Academy Players through each phase of the pathway.

The Performance Pathway has three phases:

1. Foundation Phase (FP)
2. Youth Development Phase (YDP)
3. Professional Development Phase (PDP)

Your child is in the Youth Development Phase (YDP).

Academy Performance Plan

Each Academy has a performance plan which follows the Club’s principles, values, playing style and their tactical approach. This plan tells you about the games and education programmes, the sport science and medicine services support as well as coaching on the pitch. Your child’s Academy has a team of specialist medical and sport science staff to provide a high level of medical care during training sessions and games. Your child’s Academy Manager will introduce your child to these specialist staff at the induction.

Coaching Curriculum

The age group your child is in will affect the coaching contact they will receive. The number of coaching sessions should increase as they progress along the Performance Pathway. A guide for the minimum hours they can expect in the Youth Development Phase are in the table on the following page.
The Games Programme aims to embed a holistic approach to player development, ensuring all players gain experiences that will enhance their love for football whilst developing life skills. The Youth Development Phase delivers a diverse range of experiences including best v best and opportunities for players to extend and consolidate their learning.

Youth Development Phase games are usually played at weekends and include regular tournaments throughout the season. Games are usually arranged on a regional basis, but Category One and Two Academies may be involved in national and international competitions.

Alongside international experiences, we deliver a wide range of formats within our event programme to develop game understanding. The 2022/23 season will see the implementation of new events to enhance the current programme. In particular, the triangular fixture initiative. This aims to increase the variety and number of fixtures within the current weekend fixture programme. Alongside this, we will be introducing a national festival in which Clubs have the opportunity to play other Clubs outside of their normal Games Programme, at a central venue hosted by the Premier League. These events are in addition to the extensive cup programme throughout the season.

Subject to fitness, in the U12 to U14 age groups your child will participate in at least 50% of match playing time reasonably spread out in any one season. Subject to fitness, in the U15 and U16 age groups they will play in at least 20 ‘Authorised Games’ per season and participate in at least 50% of the game time. This rule only applies to Premier League Games Programme matches and events, and not to other events such as overseas tours and tournaments.

We strive to enhance, innovate, and add value, by adopting creative formats within a healthy environment. The overall aim is to provide players with the chance to experience environments that will aid their development.

Throughout this season, consultation with Clubs has been fundamental in terms of decision making and the shaping of the programme.

<table>

</tr>
</tbody>
</table>

Note: Training sessions can last a maximum of 120 minutes in the Foundation Phase. These coaching contact times are a guide and your child's coach will adjust their weekly curriculum according to their specific needs and the individual programme that they are on.
The Performance Clock

Your child is entitled to regular feedback on their development at the Club. Their Academy will use the Performance Clock to record, measure and monitor all aspects of their progress. It is your child’s record of achievement and of the time spent not only at the current Club, but also throughout their football career.

The Performance Clock stores information which is input using a system called the Performance Management Application (PMA). This information can include the number of games played and the data from those games, the coaching received, educational progress, the sport science data that has been collected (i.e. fitness data) as well as medical data, such as injuries sustained and the rehabilitation undertaken.

A lot of the information that goes into the Performance Clock will come from the multidisciplinary reviews that happen four times per season as well as each training session or game that a player is involved in. These reviews cover each of the areas (or disciplines) worked on during each player’s time at the Club e.g. games, coaching, education and sport science & medicine.

Your child’s Performance Clock is made available to them (and you) by each Club. If your child moves to another Club, they take it with them.

Academy Duty of Care

There are three pillars which underpin and unite our safeguarding, player care, and education provision. They are Prepare, Empower and Protect.

<table>
<thead>
<tr>
<th></th>
<th>Prepare</th>
<th>Empower</th>
<th>Protect</th>

</tbody>
</table>
Safeguarding

The Premier League places great importance on safeguarding children and adults at risk and we believe that everyone has the right to enjoy football in a safe and inclusive environment. We have safeguarding rules in place that Clubs must follow to promote and protect the safety and welfare of children and young people.

Your child’s Club safeguards its Academy Players in lots of different ways:

• Safeguarding is everyone’s responsibility; however, the Club has in place a dedicated full-time Head of Safeguarding and an Academy Safeguarding Officer. The members of staff fulfilling these roles are at the heart of Clubs’ development of young talent and can provide you and your child with support and advice. It is important to know who the Club’s Safeguarding Team are and how to contact them

• Getting the right people involved. Your child’s Club must make sure that they only work with suitable people and organisations who also believe in keeping children and young people safe

• Creating a safer environment. Your child’s Club has safeguarding policies, procedures, and guidelines in place which everyone must follow

• Empowerment and education. Your child’s Club must make sure that people who work for them know what their responsibilities are by giving them regular training. They have a responsibility to educate and empower children and young people by helping them understand their rights and where they can get help or advice if they need it

• Working together and taking action. All Clubs have a duty to take all concerns seriously and ensure that they are dealt with swiftly and appropriately

• Getting Advice and Reporting Concerns
The Premier League want to help children and young people feel safe, valued, and empowered. We have teamed up with Childline to give information about issues which may be worrying your children, and the support available. Whatever is on their mind, the Premier League and Childline are there to support them.

Visit our website for information www.premierleague.com/safeguarding.

Our Safeguarding Team can be contacted by emailing safeguarding@premierleague.com or by calling 020 7864 9000 to speak to a member of the Safeguarding Team for advice, to raise a concern or to help you get in touch with your child’s Club Safeguarding Team.

Adults can contact the NSPCC helpline by calling 0808 800 5000 or by emailing help@nspcc.org.uk to get advice or share their concerns about a child, anonymously if they wish. Trained professionals are available 24 hours a day, seven days a week.

Childline is a free and confidential service for children and young people up to their 19th birthday. They are available any time, day, or night. Your child can contact them by phone, by email or through their 1-2-1 counsellor chat service. Visit their website for further advice or support www.childline.org.uk.

Visit www.thinkuknow.co.uk for advice on staying safe online. Your child can contact them confidentially if something has happened online which has made them feel unsafe, if you or your child are worried about somebody else, or to report online abuse.

It is important to familiarise yourself with your child’s Club policy on the use of social media sites. This policy will outline what is and what is not acceptable.

**Player Care**

Each category one, two or three Academy has a Head of Player Care who coordinates the personal, social, and emotional development of Academy Players. They are also a point of contact for parents/carers or players who would like advice or support on a range of issues. The Head of Player Care also provides Academy Players with a series of workshops as part of the Life Skills & Personal Development Programme.

The programme, supported by the PFA, aims to improve the holistic development of players during their time in the Premier League and to prepare them for life inside and outside of football, as well as helping their performance on the pitch. The topics covered include:

- Careers & Preparation for the Future
- Communication
- Equality, Diversity, and Inclusion
- Financial Management
- Inspirational Speakers
- Media Training
- Mental & Emotional Wellbeing
- Personal Integrity & Respect
- Social Media Awareness

The Premier League, alongside the PFA and Sporting Chance work with Clubs to develop action plans for their players and wider Club culture that support the Premier League’s Mental and Emotional Wellbeing Strategy.
In addition, the Premier League Transition programmes have been introduced for players when they are released at Under 16 and 18+ to provide continued sporting, educational and personal support.

Our aim is to help players achieve excellence at every level of their journey, ensuring we have a diverse and inclusive culture of continuous learning and that we are working together with Clubs and our partners. To do this, it is very important for the Premier League to hear the views of players and their parents and carers on the Academy experience. We have, and will continue to, gather feedback through activities such as Captains’ meetings and parent/carer sessions at some of our Games Programme events, as well as asking for Club Academy Player Leadership group feedback to help shape the Player Care Programme and ensure that the Premier League is providing the best possible support to players.

Education
Your child’s Education Programme is a core component of their football development and will help them achieve a productive and fulfilling life, both on and off the field.

The Head of Education at your child’s Club oversees the programme and will:

- Liaise with your child’s school to ensure that their football commitments do not affect their levels of progress at school
- Where appropriate, make sure your child follows a formal Education Programme that supports them to achieve their academic potential
- Offer advice on all aspects of the Education Programme
- Agree any additional support your child might need to help support them, for example, if they have an Education Health and Care Plan (EHCP)

Training Model
There are three education models that your child may follow whilst at the Club. These are called Training Models and the education on each of them is delivered differently. Which model your child follows will depend on the phase they are in on the Performance Pathway and what is right for both their academic development and their football development. The three training models are:

Part-time Training Model (PTTM)
On the PTTM your child attends the Academy in the evenings, at weekends and during holidays. The Academy will keep in regular contact with the school and provide reports to them about their progress. The Club will monitor your child’s progress to ensure the football programme is not having a negative effect on their progress at school.

Hybrid Training Model (HTM)
On the HTM your child is released from school to attend the Academy for part of their weekly timetable. This model can be used in the Youth Development Phase and it will depend on your child’s age and your child’s Club programme if it is available to them.

Agreement must be reached between you, your child’s school and the Club on the arrangements and the likely impact on their studies. Your child’s academic progress will be monitored, and the Club must provide extra help to ensure that your child’s time away from school is not having a negative effect on their education. They should also receive some of their education at the Club to make up for the time away from school.

Your child will receive regular 12 weekly education reviews at the Club which report on the work they have been doing. The review will outline their progress in all areas of their football development and education. These can be accessed through the PMA and the Club will liaise with your child’s school about their progress to ensure they stay on track.
Full-time Training Model (FTTM)

This model can only be used in the Youth Development Phase Category One Academies that operate a FTTM. To attend the FTTM your child will need to reside within the one and a half hour travel restrictions as outlined in the Youth Development Rules. Under 14 players can be recruited onto the programme from around the country.

If your child is offered a place on the FTTM at their Academy they will receive both their football and Education Programmes through the Club. Your child’s education will be provided by a local school in partnership with their Club. The Club will make a detailed assessment of your child’s educational needs and work closely with your child’s previous and new schools to make sure that their curriculum meets both government requirements and their academic abilities. This includes supporting the delivery of provision within an Education, Health and Care Plans where children have one.

Your child’s Club will be committed to extending their registration so that it lasts up to the end of their secondary school education. Your child’s academic progress in all subjects is monitored and the Club must provide educational support to ensure that their participation on this training model is not having a negative effect on your child’s academic achievement.

Your child will also receive reviews four times per season at the Club outlining their progress in all areas of their football development and Education Programmes. A full-time place could involve living away from home in accommodation arranged for your child by the Club, for instance at a boarding school, Club boarding home or with a host family.

Medical

The Premier League require a very high level of medical care for players within Academies. For example, all Academies must have an Emergency Action Plan written by the Academy doctor, and they must have staff who have specific First Aid and Primary Care qualifications present at all games and training sessions.

Concussion

Although Academies have a very high levels of medical care provision, parents and carers also have a very important role, especially when a player has sustained, or is suspected of having sustained, a concussive injury. On these occasions, players should not be left alone in the first 24 hours and the ‘FA graduated return to play protocol’ must be followed. This can be found at https://thebootroom.thefa.com/resources/coaching/the-fas-concussion-guidelines.

Heading

English football has introduced heading guidance that is aimed at reducing heading without impacting development of technique. The guidance has been produced using a precautionary approach to protect player welfare where scientific evidence is currently limited, but is constantly under review. Recommendations for heading vary depending on a player’s age. Further information can be found at https://www.thefa.com/news/2020/feb/24/updated-heading-guidance-announcement-240220
Some important rules to know
Some important rules to know

Codes of Conduct

A Code of Conduct is a set of expectations for how we should behave whilst at the Academy, during Games Programme fixtures and at Premier League events. There is a version for Clubs, Academy Players, and their parents or carers. These documents are very important and must be followed to help create and maintain a safe and fun environment. Your child’s Club may have their own versions too, here are the Premier League Codes of Conduct, hover over each title for more information.

Premier League Player, Parent/Carer Code of Conduct

The Academy Player agrees to:

• Attend the Academy regularly, be on time and do their very best to behave with self-discipline and let the staff know if you will be absent
• Practice the techniques and skills taught by the Academy and do their very best to try them in matches
• Do their very best in their education
• Try to follow a healthy lifestyle such as spending leisure time positively; eating, drinking, relaxing and sleeping sensibly
• Communicate with the Academy staff, and let them know about anything that affects them and their football
• Never, ever bully or abuse anyone, including being violent or discriminatory in any way, at the Academy or away from it, such as online or at school
• Follow the Code of Conduct and rules for their Club and Academy

The parent(s)/carer(s) agree to:

• Support the Academy Player to meet targets, including this Code and any Code of Conduct issued separately by the Club and/or any rules for its Academy
• Support the Academy Player without pressure, praise good work and don’t criticise their mistakes. Remember, they are children!
• Be a good role model for the Academy Player and other parents/carers
• Not approach or engage in communication, either directly or indirectly, with another Academy whilst the Academy Player is registered with an Academy, except for when it is permitted by the Youth Development Rules
• Communicate with the Academy staff about any issues of concern and to keep them informed about any matters affecting the Academy Player
• Adhere to any Code of Conduct issued by the Club and/or any rules for its Academy
Spectator & Parent/Carer Code of Conduct

All spectators and parents/carers are expected to:

• Behave responsibly and never engage in or tolerate, the use of offensive, insulting or abusive language or behaviour. Set a good example!

• Always conduct themselves in a manner that takes all reasonable measures to protect their own safety and the safety of others

• Not access unauthorised areas e.g. changing rooms, player accommodation, etc.

• Maintain personal boundaries and not approach participating children. Remain outside the field of play and within the designated spectators’ area

• Respect opposition players, supporters, Club and event staff as well as match officials and their decisions

• Do not take or use unauthorised images or video footage of participating children during the event. This includes uploading images or video footage to social media sites such as Facebook, LinkedIn, Twitter, etc.

• Always adhere to health and safety guidelines

• Do not smoke/vape or consume alcohol around participants throughout the event

• Report any concerns to Premier League event staff without delay

Breaches of these Codes of Conduct

• The Premier League reserves the right to determine appropriate disciplinary action for breaches of these Codes of Conduct. This may include being asked to leave the tournament and being excluded from future events

Club Code of Conduct

The Club agrees to:

• Provide a safe and inclusive environment in which the Academy Player can learn and develop free from abuse, bullying, mistreatment and discrimination in any form;

• Ensure all staff receive regular safeguarding training approved by the Club’s Head of Safeguarding and have been subject to safer recruitment procedures;

• Protect the welfare of the Academy Player, including their mental and emotional wellbeing;

• Ensure medical screening, monitoring and support for the Academy Player;

• Provide a structured football learning programme appropriate to the age, ability and growth of the Academy Player;

• Provide participation in football matches arranged or approved by the Premier League as part of the Games Programme;

• Provide trained and qualified coaching and other staff and facilities as determined by the Youth Development Rules;

• Provide guidelines to the Academy Player and parent(s)/carer(s) on the best ways for them to contribute to the Academy Player’s football and personal development;

• Provide compensatory education and support (in consultation with the Academy Player’s parent(s)/carer(s) and school) for the continued academic and personal development of the Academy Player, appropriate to their educational needs and training model;

• Provide regular communication and reports to the Academy Player and parent(s)/carer(s) on their progress;

• Provide any additional Code(s) of Conduct and/or Rules for its Academy
Time/Distance Regulations

Your child can only be registered with a Club if they live within a limited travel time of the Club’s Academy location. As a player registered in the Youth Development Phase, your child must reside within 90 minutes of the Club’s Academy. The only exception to this is where an Academy Player joins a Category One Academy and is offered the Full-time Training Model (FTTM). This can only be offered for the U14 to U16 age groups.

Player Recognition System (PRS)

Every Academy Player is issued with a personalised photo ID card as part of their registration. The League will send the card to your child once the registration forms have been submitted and approved. The card is valid for three years. The card is designed to make sure that we check who is playing, that they are in the correct age group and to record attendance at Academy fixtures. This helps to maintain a safe environment for Academy Players and staff. Your child (or your their coach) will need to have their card with them and available for inspection at all Academy fixtures and events. Cards could be inspected before, during or after their matches.

Scouts, intermediaries and approaches

What is a Scout?

A Scout represents a Club and is responsible for identifying talented young players. They often become trusted people for Academy Players and their families. Scouts must be registered with the Club who is responsible for ensuring high standards of behaviour. You should always confirm a Scout’s identity with the Club. If you are concerned about an approach from a Scout, contact your child’s Club Head of Safeguarding immediately.

What is an Intermediary?

An Intermediary used to be known as an Agent. They act on behalf of a player or a Club and may represent a player and/or a Club in contractual negotiations and on registration issues. Intermediaries can be helpful at the right time, but some can break the rules and be unhelpful. An intermediary may not approach a player before the 1st of January in the year of their 16th birthday. If you are concerned about an approach from an Intermediary, contact your child’s Club Head of Safeguarding immediately and also report it to The FA using Intermediaries@thefa.com or by using the Intermediaries Hotline and calling 0844 980 8213.

Approaches

While registered at an Academy, you or your child are not allowed to contact any other Premier League or EFL Clubs during the agreed registration period either directly or through someone else. Likewise, other Premier League or EFL Clubs (via members of staff, Scouts, or Intermediaries), must not contact you or your child or any person connected with you or your child, directly, or through someone else. This includes contact by or with another family member, or anyone else connected to you or your child.
Moving to another Academy

End of Season Procedure
Towards the end of each registration period, your child’s Club will confirm in writing its plan for their registration for the next season. If the Club intends to renew their registration, your child must decide whether they want to accept or refuse the Club’s offer.

Renewing your Registration
If your child is happy to stay registered at the Club you do not need to do anything. The Club will notify the Premier League, and their registration will be retained for a further period, depending on their age.

Declining Extended Registration
If your child chooses to decline the offer of an extended registration period, they must tell their Club and the League in writing by the first Saturday in June. After your child receives confirmation from the League, they will then be able to agree registration at another Club, depending on the rules relating to travel distance.

If your child refuses an offer of retention and a new Club wishes to register your child, the new Club will have to pay money called compensation to your child’s previous Club. It’s also important to know that your child cannot be offered a professional contract until their U16 year or enter into one until they are 17 years old.

Leaving the Academy
Releasing an Academy Player from registration can be a difficult time. Academy Players and parents and carers should remember that involvement in the programme is a tremendous achievement in itself. If your child’s Club does not wish to extend their registration, then it is expected to provide support by, for example, helping find opportunities for your child to continue their football development elsewhere.

Requesting Cancellation
During your child’s registration period, their registration may only be cancelled if everyone agrees (the Club, player, and their parent/carer). If your child has concerns that might lead to them wanting to leave, they should be supported to talk to the Academy Manager.

If all parties agree then a player’s registration can be cancelled by completion of a form. If the parties don’t agree, then any person involved can also ask the Premier League to provide a binding decision on a termination request by making a written application providing full reasons for the request. Compensation may still be owed to the Club should your child wish to register with a new one.

Inducements
Clubs are not allowed to encourage players to register with them by offering cash or some other benefit in kind to you, your child, or anyone connected to you. This is called ‘inducement’ and you or your child must not accept anything that is offered. Inducement could be breaking the Premier League’s Rules, and the rules cover registration with a new Club, or re-signing with a Club they may already be registered with. Inducements can be anything from cash payments to the payment or reimbursement of accommodation or travel costs. It is of course understood by the League that some expenses are genuine and guidance is available upon request explaining which payments are allowed. If you have any doubts whether something might be an inducement, you or your child should contact the Premier League before accepting anything. Remember, if you or your child have accepted an inducement, there could be serious consequences, including a potential sanction from the Premier League and/or termination or refusal of your child’s registration.
Reporting

If you or your child have any concerns about approaches, inducements, or any other breaches of the Youth Development Rules by anyone involved in the system that you don’t feel able to report directly to a Club, the Premier League has a confidential reporting service that is constantly monitored (and which can be used anonymously if you wish) where you can share those concerns. If you have anything you wish to report, please email reporting@premierleague.com.

Investigating a Move to Another Club

If your child is registered with a Category One Academy and they would like to move to another Category One Academy, you, your child and the two Clubs may need to attend an exit interview to talk through the circumstances of their proposed move. This is a process that has been agreed by all Premier League Clubs and is intended to make sure that no rules have been broken in relation to the move.

As part of the process, you, your child together with the Club that they wish to move to, will also need to sign a declaration that no approach has been made to you or your child prior to the relevant date, nor has any inducement been paid or offered to you or your child or anyone connected with you or your child to encourage them to move Academy. Following this process, you or your child may be asked to provide certain documents and/or other information to the Premier League to ensure that all Rules have been complied with. As an example, phone records and bank statements covering the last year may be requested.

You and your child should be aware that this process can potentially take a few weeks and while it is ongoing, your child will not be able to train with or play for the new Club’s Academy. We appreciate that this can be inconvenient and can be a time of uncertainty, but it is an extremely important part of ensuring the integrity of the Academy system and the Premier League Rules. We will endeavour to ensure the process is completed as soon as possible.

Please also note that the above process may also apply to a movement from a Category Two or Category Three Academy to a Category One Academy, in certain circumstances.

Compensation

Compensation is money paid by your child’s new Club to their previous Club to cover training and development costs if they decline an offer of extended registration. Clubs are required to calculate compensation based upon an annual fixed fee which relates to the age group of the Academy player and the category of Academy the player was registered with. The full compensation formula can be found within the Premier League Youth Development Rules. Should the Club offer your child a Scholarship, and subsequently this is not accepted, if your child then register elsewhere compensation could be determined outside of the prescribed formula.

Compensation Formula

<table>
<thead>
<tr>
<th>Age group</th>
<th>Category One</th>
<th>Category Two</th>
<th>Category Three</th>
</tr>
</thead>
<tbody>
<tr>
<td>U12</td>
<td>£45,000</td>
<td>£30,000</td>
<td>£15,000</td>
</tr>
<tr>
<td>U13</td>
<td>£60,000</td>
<td>£40,000</td>
<td>£20,000</td>
</tr>
<tr>
<td>U14 - U16</td>
<td>£80,000 p/a</td>
<td>£50,000 p/a</td>
<td>£25,000 p/a</td>
</tr>
</tbody>
</table>

Academy players and their parents/carers do not pay these fees, do not receive any money, and will have no involvement in these conversations. Compensation does not need to be paid if the player was released from their registration by the Club, at the end of the registration period.

Communication

Independent Advice

We pride ourselves on the quality of the Academy system and we are committed to ensuring that Academy Players, trialists, parents and carers gain the right advice and support. An important aspect of this is the independent advice provided by The Professional Footballers’ Association (PFA).

You are advised to make contact at the earliest opportunity.

T 0161 236 0575
E youthadvisory@thepfa.co.uk

The PFA Independent Youth Advisory Service can offer advice to Academy Players, Trialists and their parent(s)/carers relating to:

- Premier League and EFL Youth Development Rules
- Registration & Contractual Offers
- Football Association & FIFA Rules and Regulations
- Time & Distance Rules and Regulations
- Academy Inductions
- End of Season Procedure
- Requesting Release
- Player Development/Player Progression
- Coaching Programme
- Education Programme
- Compensation
- Player Welfare
- Intermediaries

The PFA is a key figure in all aspects of the professional game that affects its members and has enhanced its reputation by upholding the principle of caring for the interests of the game as a whole, in addition to the interests of its members. The experience and expertise the PFA has gained since its formation ensures it is able to provide you with the best confidential independent advice and assistance.
# Complaints

## Complaints Procedure

<table>
<thead>
<tr>
<th>Communication</th>
<th>It is in everyone’s interest that issues and complaints are resolved at the earliest possible stage. Many issues can be resolved informally, without the need to invoke formal procedures.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Complaints procedure</td>
<td>If you or your child are unable to resolve your complaint through informal discussions, the Academy’s formal complaints process should be followed.</td>
</tr>
<tr>
<td>Outcome and appeals</td>
<td>If you or your child are dissatisfied with the outcome of your complaint, follow the appeals or internal escalation process outlined in your child’s Club Academy’s complaints procedure.</td>
</tr>
<tr>
<td>Escalation</td>
<td>If you or your child are dissatisfied with the conclusions reached by their Club, including through its appeals/internal escalation process, you or your child may escalate your complaint to the Premier League. The Premier League will respond within seven days and will provide an outcome within 28 days where possible. If these timescales are not achievable, you and your child will be kept informed.</td>
</tr>
</tbody>
</table>

E youthdevelopment@premierleague.com  

There are separate procedures for dealing with safeguarding concerns about Academy Players. These concerns must be reported to the Club’s Head of Safeguarding or Academy Safeguarding Officer without delay. Our Safeguarding Team can be contacted by calling 0207 864 9173 or by emailing safeguarding@premierleague.com to raise a concern or to help you get in touch with the Club’s Safeguarding Team.
The key people

Use your child’s induction to get to know key members of staff at their Club, and to get answers to you or your child’s questions. Make a note of contact details so you can get in touch easily when you need to.
